Ted Brundage

r Ted,

Couple of things I need to talk to you about. This is a "get even" letter. I'm definitely taking the position now to get even. I've helped many people and all have turned against me. Now I begin to get even.

1) Mark Constantine was hired thru a Carl Marcesello by his attorney Richard J. Croughan, 1 Railroad Ave, Goshen, NY 10924 Phone 845 294-5953 Fax 845 294-4752. Carl M and a Mike Pizzuti were to put up 15,000 each for my defense if I agreed to sign an Affidavit that Carl didn't rob my home. He did and was arrested by the WP cops. DA has full file. Mark advised me to sign the affidavit for I would have him for legal representation for the matter at hand for the duration and would get out of here soon. I signed it following my attorneys advice and he left. No more phone calls no more nothing. I've signed the attorney sub papers but Mark never gave them in. I assumed this when David Rich always turned up for court. Feeling something was wrong when John recommended you Mark took the opportunity to get out.

I want to present this to the DA. The man did rob my house, my attorney has now left who advised me to sign it etc. Please advise. One thing, Croughan made it clear that I was not to say nothing about his contact with Constantine or that Carl was paying for it along with Mike. Again please advise

2) You're not being as open with me as I wish you would. On the Terroist Agency, I contacted the FBI and the Secret Service and no response. The FBI told me to distance herself from me Why! Please advise what is going on here.

3) I'm contacting the IRS. I have enough information to bring many a person down and I'm going to do it. Enough is Enough. Ted, I'm talking 5 - 10 million in tax invasion money both coming and going. All documented. That's why I ask you about the Da and documentation being conveniently lost.

4) Can you advise the DA to get my disk records from an attorney. The name is Mossiello phone 914 375-7123-4. Has an office on Central Avenue in Yonkers. He took records off my computer on floppy disks. 9 of them. It will show much more in terms of money in and out especially with the IRS. Angelo Capalbo, Mike Pizzuti, Al himself, Maurico Sanginiti and many others on those records. The records were removed under a threathening situation. Represents most 2 million in US\$ coming and going.

On the New Rochelle issue, they have been offering me time served for the next 3 months. Why give all the time away.

Angelo Capalbo Owner of Angelina Restaurant in Tuckahoe is close to DA. This guy is a mobster; set-up a major robbery in Eastchester. The old lady was gun wipped. Two people inside here, one told me the whole story he knows me. I knew most of it before I got arrested. How should I handle this. One of them wants to talk for they on the outside are not assisting. I'm scared silly for his life. My life has been threathen here by the same person either keep my mouth shut. And this same person is kissing ass with me. A.I'm going to produce name and instances to the first agency who contacts me. If you want to be in the forward thrust fine. But she is dealing with pure shit and what I will do will definitely reflect on her. Do we clue her in???
